

Ejemplo de Article

A continuación tienes un ejemplo de artículo sobre un tema que me interesa a mí: internet. Como puedes observar, se trata de un escrito con un tono informal/ estándar, en el que me incluyo a mí mismo todo el tiempo, pues todo lo que digo es una opinión personal. Además, incluyo alguna recomendación y termino el artículo con una pregunta dirigida al lector.

The Internet: A Great Invention

The Internet has changed the way we live. It started as something that we could access only through a computer, but nowadays it is everywhere, and I love it! One of the cool things about the world wide web is that you can look up anything you want and find out the answer straight away. Isn't that fantastic? For example, imagine you are arguing with your friends about how to do something. Easy solution! Go online and find the answer.

However, the greatest thing about the Internet is how you can learn tons of things very cheaply or even for free! In fact, my favourite website is www.udemy.com, where people register to teach and learn about different things: music, website design, making apps, history, etc. So I totally recommend it to everyone!

In conclusion, the Internet has a lot of great things. For me, the best are finding information and learning online. What about you? What are your favourite things about it?
